It is making all efforts to professionally orient students by including appropriate components for the promotion of legal education in Karnataka.

The vision of the University is, "To transform Karnataka State a legally conscious society, by providing quality legal education that is professionally competent and socially relevant so as to realize the constitutional primordial goal of social, economic and political justice and secure human rights to every citizen. Strive to promote the culture of law and justice in institutions of state, non-state organisations and every individual by providing informal legal education, training and legal aid. Above all, inculcate in everyone a spirit of high moral and ethical values." In this endeavour, to realise the vision for excellence in professional legal education and research, the University is putting in untiring efforts through academic and research activities.

**ABOUT THE CONFERENCE:**

Constitution is an organic document enumerating a body of fundamental principles and institutions guiding the affairs of a State. The Constitution of India is the supreme law of the land and has always adapted itself to meet the needs of the society at all times. Therefore, it has always been an instrument of social transformation. The Fundamental rights enshrined in the Constitution guarantee basic rights and fundamental freedoms to all. When it comes to unenumerated rights they are not being but basic rights inferred from other rights, that are implied within the framework of the Constitution. Through the pro-active role of the judiciary, they are given wide interpretation touching upon different areas close to different dimensions of human rights jurisprudence.

In this context, Karnataka State Law University is organising a "Two-Day National Conference on Relevance of Unenumerated Rights Within the Constitutional Framework", which will provide a platform for participants and delegates to share their views and thoughts for the enhancement of knowledge in law. It will enable the academicians, jurists, legal practitioner, social scientists and policymakers to understand and analyse the changing scenario of constitutional jurisprudence on unenumerated rights.
