COURSE-IV: OPTIONAL-IV:

INTERPRETATION OF STATUTES & PRINCIPLES OF LEGISLATION

Objectives of the course

As it is difficult to have legislations without ambiguous provisions, there is a need to make proper study of the rules and principles relating to interpretation of statutes. Legislation is the major source of law of the modern era. Legislatures enact laws after much deliberation. No doubt in this process they have to take into account the present and future needs of the people. What are the matters to be reckoned with by legislature while enacting laws? With the emergence of legislation, interpretation of statutes became a method by which judiciary explores the intention behind the statutes. Judicial interpretation involves construction of words, phrases and expressions. In their attempt to make the old and existing statutes contextually relevant, courts used to develop certain rules, doctrines and principles of interpretation. Judiciary plays a highly creative role in this respect. What are the techniques adopted by courts in construing statutes? How far are they successful in their strategy? With the above problems and perspectives in view, this paper is framed.

UNIT I : Interpretation of Statutes
