Overall feedback about college (Suggestion about college)

The faculty at VLC is excellent & rich in their knowledge. They freely interact with us & clarify our doubts and management is good but some new technologies should be installed just to facilitate students online by using college website to access the source and to get facilities during and after course. And also we don't have any internships, practicals, knowledge sharing sessions, extra curricular activities and internship programmes, etc which is drawback to us in our academic years and if we had some of this facilities it would be helpful for us to get selected in big law firms, and corporate sectors, etc after graduation & it will be supportive to students growth to survive in the legal world. Heartfelt thanks to all lecturers for what they taught us during our course.
